Write your own Procedures, object movement
September 2, 2021

Prof. Susan Rodger
Q1. Write your own procedure

• Why would you want to write your own procedure?

• What is another name for procedure?
Q2. How do you create a procedure?

• Click on octagon at top
  – Select character whose procedure it is for
  • Bunny hop
  • Select “Add bunny procedure”
Q3. Creating and Using procedures

• Where do you put the code for a procedure?

• How do you use new procedure? Where is it?
Q4. Suppose you want to edit a procedure

- If the tab is not there, how do you get it back up so you can edit it?
Q5. Object Directions

• What direction are the arrows?
  – White
  – Blue
  – Red
  – Green
STOP HERE
Object Movements

- Objects turn, roll and move different directions
- Parts can also turn and roll
- Parts not intended to be moved
- Helps if you understand the orientation of objects
What about parts?
Announcements

• Assignment 1 due tonight
• Assignment 2 out
  – Draw a storyboard
  – Create an Alice program
