

## Submitting Scribed Lecture Notes

Please rename your `.tex` file to `lectureNN.tex`, where `NN` is the lecture number (please use two digits: use `lecture03.tex` for Lecture 3, for example). Importantly, your `.tex` file must compile before you submit it! To ensure this, try compiling your `.tex` file with the following commands:

```
latex lectureNN.tex
latex lectureNN.tex
dvips -o lectureNN.ps lectureNN.dvi
```

or alternatively,

```
pdflatex lectureNN.tex
pdflatex lectureNN.tex
```

Running `latex`/`pdflatex` twice is necessary, not a typo. If all this works and your postscript (`.ps`) or PDF (`.pdf`) file looks good when you view it, then submit the `.tex` and `.ps` or `.pdf` files, along with any necessary image files in both `.jpg` and `.eps` formats, as discussed in `scribing.template.tex`. Completed scribed lecture notes must be submitted to the TA within one week after the lecture (or sooner). The instructor and TA will go through them and will ask you to revise the notes if necessary. The revised version will be due within two-three days. Since students will rely on these notes for the course material, it is essential that the notes be submitted on time.
