Computer Science 101 Assignment 9

Moana: How Far I'll Go Lyrics
By: Rachel

I've been staring at a blank computer screen,
Long as I can remember, never knowing where to start
I wish, my code would just work right,
But I come back to west each night,
consulting hours has my heart

Every APT, no green to be seen,
coded so many lines, don't understand Guidelines,
totem poles to earth quakes, I'm in need of a break
Comp sci's not for me

See the how to for assignment 6,
too many tricks
Lists and dictionaries,
TA help me please
My eclipse just broke on the night the assignment's due
Code won't go through
No time to debug, I must accept that I'm screwed.

I've been pulling many all-nighters,
thought my future would be brighter,
Fishing for just one more line
I know, I will need some more caffeine,
in order to change all red to green
Hopefully I'll be done in time

Reading quizzes twice a week, never broke my 100 streak,
I'll be satisfied if I can make time to eat,
For loops and range(len), don't know if I have the strength
Rodger feel for me

Finally I get how to master this class, just one more task
The final exam, no practice tests oh man,
I've learned how to navigate python in comp sci 101,
now I'm almost done,
what's left is figuring out if I will pass.

How Far I'll Go lyrics

I've been staring at the edge of the water
Long as I can remember
Never really knowing why
I wish I could be the perfect daughter
But I come back to the water
No matter how hard I try

Every turn I take, every trail I track
Every path I make, every road leads back
To the place I know where I cannot go
Where I long to be

See the line where the sky meets the sea?
It calls me
And no one knows
How far it goes
If the wind in my sail on the sea stays behind me
One day I'll know
If I go there's just no telling how far I'll go

I know everybody on this island
seems so happy on this island
Everything is by design
I know everybody on this island
has a role, on this island
So maybe I can roll with mine

I can lead with pride, I can make us strong
I'll be satisfied if I play along
But the voice inside sings a different song
What is wrong with me?

See the line where the sky meets the sea?
It calls me
And no one knows
How far it goes
If the wind in my sail on the sea stays behind me
One day I'll know
If I go there's just no telling how far I'll go
