Haikus about Comp Sci

Haiku 1

Consulting hours
The TAs are so helpful
I am so grateful

Haiku 2

Staying up all night
Debugging python programs
Assignments are long

Haiku 3

Crossing my fingers
Hoping my code will give me
All green APTS

Haiku 4

Bitly forms in class
Sometimes I know the answers
Sometimes I just guess

Haiku 5

I walk into class
On slide: new assignment out
Stress level increased

Haiku 6

I learned how to code
Thank you Professor Rodger
For a superb class
