

# CompSci 94

## Write your own Procedures, object movement

August 27, 2020

Prof. Susan Rodger

# Object Movements

- Objects turn, roll and move different directions
- Parts can also turn and roll
- Parts not intended to be moved
- Helps if you understand the orientation of objects

# What about parts?

# Announcements

- Assignment 1 due tonight
- Assignment 2 out
  - Draw a storyboard
  - Create an Alice program
  - Make a zoom video, explanations and run it
- Next time – make procedures more flexible and camera controls
- QZ4 due by 10:15am Tuesday
  - This quiz will turn off so be sure to do it!

# Class Today

- Writing procedures
- Includes part movements
