

CS101 Haikus (Assignment 7)

Haiku #1:

Started with lightbot

Now, six assignments later

We have learned a LOT

Haiku #2:

Assignment quizzes

Resubmitted many times

No grace period!

Haiku #3:

So many errors

Value, index, type, and more...

I need to debug!

Haiku #4:

How are APTs?

Fun if you know, tough if not

But challenge is good!
