

Computer Science 101 in Haikus

Haiku 1: "Reusability"

Prof. Washington says
To think smarter not harder
Is key to success

Haiku 2: "Snakecharmer"

Training a python?
Think again, teach the user!
See Python Tutor

Haiku 3: "Entangling the Difference"

While print returns None
Return can hold a value
I know the difference

Haiku 4: "Deciphering the World"

Wow, Caesar Cipher
Shifted my lens of the world
So I cracked the code
