

hangman: final round

After a semester of CS101, I feel:

----- (10 letters!)

HINTS

In the beginning, I was just a
senior**r** lacking a QS

Sou**r** and hopeless, praying for
the sem**m**ester to end

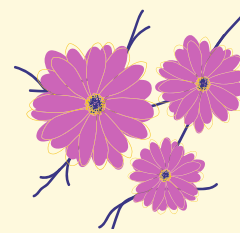

1st gen**n**, low income, and a
woman? Fail**u**re == Inevitable

But, then, I saw green on AP**T**s.
90s on HWs and Assignm**e**nts.

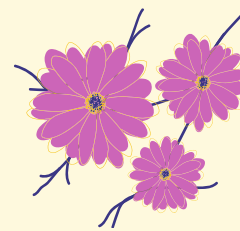

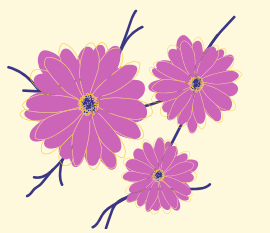

This success beca**a**use of *me*?
How could it be?

For the first time in a while, I felt
capable. **P**ower == Restored.

Now, based on final score, and my desire to learn more, I leave this
class sure. Sure of myself and of one thing more:

I AM TRIUMPHANT
