

## CS101 Assign7 - Haikus

### **Tribulations of APTs**

Red is frustration  
Green is ecstasy, all pass  
I'm a coding wiz!

### **Ode to PythonTutor**

Those beautiful words:  
'Edit this code', promising  
A new chance to learn.

### **Infinite Learning!**

While I'm in CompSci:  
Code a lot, learn even more.  
Show off fun new code.
