

## CompSci 101 Haiku's

Sets, lists, strings oh my  
Oh how many different types  
All true to their own

Integers, floats, strings  
All have numbers but different  
Types are changed for good

Dictionaries with  
Items, keys, and the values  
They are powerful

Python, oh that snake  
Coding or an animal  
The wild tamed beast

Java enigma  
What a mystery it is  
Compsci 2-0-1
