

## Some Haikus

Relief. Happiness.  
She is the love of my life.  
Without **Green**, I'd die.

Greedy so greedy.  
The worst few days of my life.  
CleverGuessWord sucks.

Her color is love.  
Seeing her brings me true joy  
I yearn for all **Greens**

Python is nifty,  
But not when that means real snakes...  
Glad I wasn't there!

Learning to write code:  
A new task I now enjoy!  
Grateful for this class
