

Professor
Rodger at
teaching
her
lecture

Professor
Rodger after
spotting
students in the
back 6 rows of
seats

What's that you say?
You own a bagel
website, and you are
struggling to figure
out how many bagels
to make, given people
who order a dozen or
more get a free
bagel??

...I may be able to help you...

**Second half of exam,
solving realistic
problems**

**First half of exam,
showing off my wicked
addition skills**
