MY COMPSCI 201 EXPERIENCE

First part of compsci,
Was extremely difficult
Cuz Java was new.

Slowly it made sense.
It was different from Python,
But it was not bad.

APTs were hard.
And the projects were harder.
It was a struggle.

But I got better,
And my coding did improve.
I accomplished that.

I am so thankful
That I got to take this class
Cuz I learned a lot.
