Haiku 1: APTs

Time for reviewing!

All I want is all the green

Let's get them perfect!

Haiku 2: For Loops

My favorite loop!

Do I need an if statement?

I'll ask for feedback

Haiku 3: Sorting

To sort or not sort?

Ascending or descending?

Lambda can help you

Haiku 4: Dictionaries

Split by one colon

Keys? Values? Items? Or both?

Ask and you receive

Haiku 5: PyCharm CE

Your errors hurt me

I must use the 7-steps

Finally it works
