

Haiku #1

Just one equal sign

An assigned variable

Two, that’s boolean

Haiku #2

APT gone red

Heart’s broken, like the while loop

Ah, missed a colon

Haiku #3

No code? No, more like

WOTO. Fill it out and see...

Ah, ten percent right...

Haiku #4

Python tutor rocks

But, you know, it can’t import

Poor os dot path...
