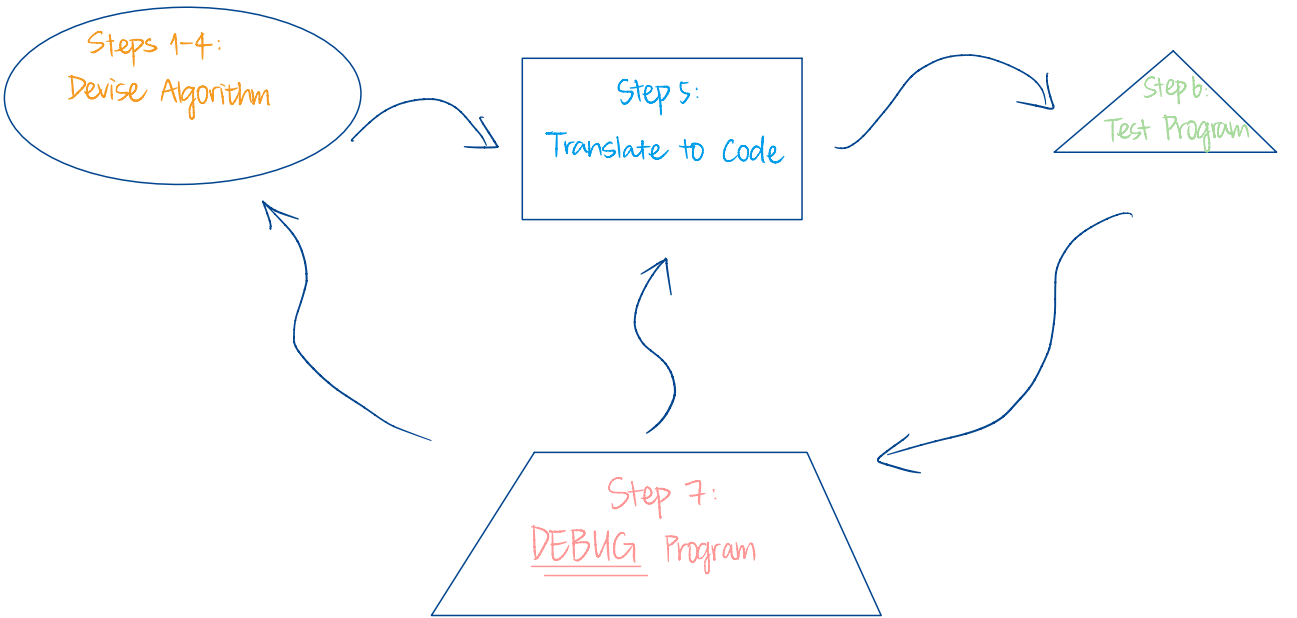
7-Steps learned in class



7-Steps in reality for a COMPSCI assignment

① 
Read through instructions & devise algorithm.

② 
Translate into codes part by part.

③

Test all the codes by running the program.

④ 
DEBUG! with console until getting correct outputs

⑤

Upload into Gradescope! DEBUG!

⑥

Upload into Gradescope again! DEBUG!

⑦ 
Upload once again! Ask for help! DEBUG!

→ falling asleep, redo 4-7 steps tomorrow until success.
