

My Thoughts on APTs (if I could only speak in Haiku form)

Number of correct
Twenty-three of twenty-three
I did that first try

Required APTs
The bane of my existence
I would rather not

This was done in class
Lecture I did not attend
God I am so lost

Oh no it says "failed"
My weary, wavering heart
Can't handle this pain

100 percent
Settling for nothing less
Settle with the best

Endless sea of green
APT perfectionist
APT master
