

COMPUTER SCIENCE COURSELOAD

101

(a guide to those considering taking the course)

① DAILY QUIZZES

↳ ON AVERAGE ABOUT 10 QUESTIONS

BASED ON THE READINGS BEFORE EACH CLASS

↳ TAKE A LITTLE LONGER THAN EXPECTED BUT REALLY MAKE SURE YOU ARE KEEPING UP WITH THE COURSE

② NOTES!

↳ GIDDOGE FORMS DONE DURING LECTURE

↳ ON AVERAGE ABOUT 3 PER LECTURE

↳ YOU HAVE TIME TO DO THEM OUTSIDE OF LECTURE IF YOU MISS CLASS

③ WEEKLY LABS!

↳ GRADED ON DIFFERENT ASPECTS

- PRELAB
- ATTENDANCE
- LAB WORK FORM

↳ THE LABS ARE SHORTER COMPARED TO THE AMOUNT OF WORK TO GET TO IN LAB SO SOMETIMES IS HARD TO KEEP UP BUT THAS ARE DEFINITELY HELPFUL & MINE WOULD STAY LONGER FOR QUESTION

④ APTS

↳ NOT SURE OFTEN BUT AROUND EVERY 2 WEEKS

↳ SHORT-ISH PROGRAMS TO CODE FOR AUTOGRADER

↳ RELATIVELY EASY BUT DO TAKE TIME TO THINK THROUGH & CODE

↳ A LOT OF THEM ARE TALKED THROUGH IN LECTURE.

⑤ APT QUIZZES

↳ APTS BUT TIMED

↳ 2 QUIZZES IN THE SEMESTER

↳ EACH IS DIVIDED INTO TWO PARTS

↳ UNALLY TWO APTS PER HOUR WINDOW

⑥ ASSIGNMENTS

↳ AROUND 7 ASSIGNMENTS BUT AROUND 5 OF THEM ARE ACTUAL PROGRAMMING ONES

↳ VERY LONG

↳ VERY HARD

↳ VERY HARD TO DEBUG & A LOT OF DETAILS TO KEEP TRACK OF

↳ I WOULD PERSONALLY SPEND 6-8 HOURS ON EACH

⑦ EXAMS

↳ 3 MIDTERMS

↳ ONE FINAL

MY FAVORITE THINGS

♥ ED DISCUSSION MADE HELP VERY ACCESSIBLE

♥ GRACE-DAYS!!! SO HELPFUL

♥ PAST EXAMS BEING AVAILABLE & ALSO BEING VERY HELPFUL

♥ AUTOGRADERS! SO AMAZING TO CHECK MY WORK & MADE IT EASIER TO LEARN FROM MISTAKES
