CS 101 Haiku

Dear Autograder,

You are very hard to please

I will not miss you.

CS 101 Poem

Oh Autograder, my Autograder,

Why are you so cold?

I give you my code to run with

But no! Lo and Behold!

You're unbudging at the relay race

The clock ticks, ticks, away

I run in circles by myself,

And look, it's the due date!
